

T.T.A 3T : BIZERTA & ICHKEUL LAKE

PROGRAMME:

The day will start with discovering the city of Bizerte is at one and the same time the most French and the oldest city of Tunisia.

After lunch at Bizerte we continue to Ichkeul National Park is not just any nature spot in Tunisia. It is the only nature site on UNESCO's World Heritage List in North Africa. Ichkeul main claim to fame is the unique habitat for fish and bird life. The lake is shallow all over, allowing ideal conditions for birds like flamingos, widgeons, coots and white-headed ducks.

Bird watchers will be able amuse themselves all day there, but the best time of the year is winter, when migratory birds stop there. There can be up to 200,000 of them at a time.

DESCRIPTION:

Bizerte. Surrounded by the Mediterranean, to north and the east, the Ichkeul and Bizerte Lakes, south, the city communicates thanks to a corridor in direction of Menzel Bourguiba and Tabarka, and an opening bridge which connects it to Zarzouna then Tunis.
